Tinies

@ The Dancer's EDGE

The Tinies program at The Dancer's EDGE prides itself on being the most rewarding and comprehensive young dancer experience in the area.

Teeny Tinies 18 months - 2.5 Years. A fun-filled "Mommy/Daddy & Me," Class!

If you have a young dancer who's already movin' and shakin' but a little too young for our Tinies 1 class, Teeny Tinies is an excellent way to instill rhythm, creative movement, and comfort in a classroom environment! The 30-minute class is a Mommy (or Daddy!) and Me format.

Tinies 1 3-4 year olds

Our youngest "dancing on your own" Tinies level at the Dancer's EDGE. This class is for 3 year olds (turning 4 throughout the school year). Students must turn 3 by November 1st in order to enroll in the class. A 45-minute per week class that uses play-based activities to develop rhythm, coordination, and a basic understanding of tap and ballet. Students do participate in a Recital routine (will be either Ballet or Tap - selected by the instructor).

Tinies 2 4-5 year olds

Tinies 2 is for dancers who are 4 (turning 5 throughout the school year) and are in preschool or AK. Tinies 1 is not required beforehand to enroll in a Tinies 2 class (the Tinies 1 material will be reviewed at the start of the session). This 45-minute per week class continues to develop rhythm, coordination, and an understanding of the basics of ballet and tap. Additionally, it works to instill musicality, balance, and a memory for patterns and choreography. Students do participate in a Recital routine (will be either Ballet or Tap - selected by the instructor).

Tinies 3 5-6 year olds

Tinies 3 is for students who are 5 years old (turning 6 throughout the school year) and generally in Kindergarten. Tinies 2 is not required beforehand in order to enroll in Tinies 3 (previous material will be reviewed at the start of the session). This 45-minute per week class really starts to showcase how competent young dancers are by the age of 5. Increased speed, difficulty, and overall knowledge of ballet and tap steps keep the student challenged and progressing rapidly, meanwhile continuing to use play-based activities to teach basic acting/performing skills and continued creative movement development. The class also begins an introduction to jazz technique to help students transition effectively into Level 1 classes once they enter 1st Grade.

TEENY TINIES

Teeny Tinies and parents are welcome to wear comfortable clothing that is easy to move in. Some families choose to dress their student in a leotard for fun, but it is not required! Specific shoes are also not required - students can go barefoot or in a light pair of socks.

TINIES 1-3 FEMALE ATTIRE

Pink Ballet Shoes

We ask that Ballet Shoes not have ties.

Black Tap Shoes

Leotard

A leotard is required, but any color/style is acceptable. Skirts are optional.
